Going through the archives, I found two scrapbook pages of newspaper articles

pertaining to Bethel from the 30's to the 70's. I believe this is from a private collection, but I don't know whose. If you think these might be yours, please talk to me!

There are ~100 laser printer transparency film sheets we are unlikely to need anytime soon. They would make good craft items, like reusable stencils. They are on the counter in the office.

There are also many file folders, in various condition, if you have a need. They are also on an office counter.
